0 Motivation

- *Proof-Based Math Readings* is a free and independent online reading group where we study mathematics required in economics master's/PhD programs using an intuitive approach.
- This session of the reading group is on *Linear Algebra*.
- This session is dedicated to Sheldon Axler's cat, 🐱 Moon, who passed away in August 2023.

1 Prerequisites

- CGPA: 3.00/4.00
- 📖 *Book of Proof* - Richard Hammack (3.3 Edition, 2022)
- ▶ *Linear Algebra* - Gilbert Strang (2005)
- Please use our 🔗 *Application Form* to join our reading group anytime.
- People who applied will be informed about their application results within a week via email.

2 Format

- This session will last 12 weeks from 25 March 2024 to 16 June 2024.
- We will discuss the topics/exercises that we struggle with at 🗨️ *Proof-Based Math Readings [Discord]*.
- We will not have face-to-face/online meetings due to the size of the group.
- Members are expected to read the chapters, and watch the chapter videos from the book's playlist.

3 Resources [All are open-access]

3.1 Main Book and Main Book's Playlist
