## 0 Motivation

- *Proof-Based Math Readings* is a free, independent online reading group where we study the mathematics required for economics master's and PhD programs through an intuitive approach. Active since May 2023.
- This session of the reading group is on *Numerical Linear Algebra*.

## 1 Prerequisites and Format

- Proof Techniques resources below.
- Please use the  **Application Form** to join our reading group; you will receive a response within a week.
- This session takes 12 weeks. We do not have face-to-face/online meetings due to the size of the group.
- Members read the main book and discuss the topics/exercises in the Proof-Based Math Readings Discord .

## 2 Resources

### 2.1 Main Book

**Numerical Linear Algebra - Lloyd N. Trefethen, David Bau III (1997 or 2022)** is our main book because it is well-written and well-structured.

-  Numerical Linear Algebra - Lloyd N. Trefethen, David Bau III (1997 or 2022)
-  Numerical Linear Algebra - Lloyd N. Trefethen, David Bau III (1997 or 2022, Errata)
-  Numerical Linear Algebra - Lloyd N. Trefethen, David Bau III (1997 or 2022, Solutions by Youngdo Lee)

### 2.2 Supplementary

#### 2.2.1 Proof Techniques

-  Book of Proof - Richard Hammack (3.4 Edition, 2025)
