## 0 Motivation

- *Proof-Based Math Readings* is a free, independent online reading group where we study the mathematics required for economics master's and PhD programs through an intuitive approach. Active since May 2023.
- This session of the reading group is on *Measure Theory*.

## 1 Prerequisites and Format

- Proof Techniques, Real Analysis, and Topology resources below.
- Please use the  **Application Form** to join our reading group; you will receive a response within a week.
- This session takes 12 weeks. We do not have face-to-face/online meetings due to the size of the group.
- Members read the main book and discuss the topics/exercises in the Proof-Based Math Readings Discord .

## 2 Resources

### 2.1 Main Book and Main Book's Playlist

**Measure, Integration & Real Analysis - Sheldon Axler (2025, Errata-free version)** is our main book for this session because it is well-written, well-structured, and open-access.
