0   Motivation

- *Proof-Based Math Readings* is a free, independent online reading group where we study the mathematics required for economics master's and PhD programs through an intuitive approach. Active since May 2023.
- This session of the reading group is on *Measure Theory.*

1   Prerequisites

- Proof Techniques, Real Analysis, and Topology resources below.
- Please use the 🔗 Application Form to join our reading group; you will receive a response within a week.

2   Format

- This session takes 12 weeks. We do not have face-to-face/online meetings due to the size of the group.
- Members read the main book and discuss the topics/exercises in the Proof-Based Math Readings Discord 👾 .
